ESCP is multi-accredited.

ESCP It all starts here

Founded in 1819 by economists and entrepreneurs, ESCP is the world's first business school. For over 200 years, we have been training generations of responsible and purpose-driven leaders eager to leave their mark on business and society.

With six campuses in Berlin, Madrid, London, Paris, Turin, and Warsaw, ESCP is also the only pan-European business school.

It is with this European mindset, rooted in our commitment to excellence and humanism, that ESCP strives to build a more sustainable world.

Becoming part of ESCP is to adopt this vision and to learn how to make enlightened choices, guided by the universal values of diversity, multiculturalism and interdisciplinarity. Becoming part of ESCP is to be ready to meet the great challenges of our time with optimism.

To support companies and institutions as they face these challenges head-on, we recruit and train the best talents, from all academic, geographical and social backgrounds.

Our graduates are prepared to make choices grounded in knowledge, science and creativity thanks to ESCP's unique pedagogical approach, which combines management, social and digital sciences in interdisciplinary programmes. We offer a unique multicultural experience with required studies in several European cities, and partnerships with leading universities around the world.

Are you ready to redefine success with purpose? Choose ESCP.

It all starts here, with you.

A Diverse International Faculty

The ESCP Faculty endeavours to inspire students and help them take their first step towards an ambitious and exciting international career in today's diverse, multicultural business world.

Prof. Dr. Marion Festing
HRM and Intercultural Leadership

BERLIN CAMPUS

"The study of management in mixed groups at different campuses allows students to experience and practice cultural diversity, sharpen their international profile and prepare for the demands of a globalised economy."

Prof. Soon Leong
Finance

LONDON CAMPUS

"Teaching is a noble task and learning is a bidirectional process. At ESCP I am very honoured to be given the opportunity to share what I know and to learn what I do not yet know, to and from, respectively, a global and diverse student body."

Prof. Lorena Blasco-Arcas
Marketing

MADRID CAMPUS

"Multiculturalism, humanistic values and learning by doing define the ESCP experience, the perfect combination to prepare our students for the societal and businesses demands of the future."

Prof. Philippe Zarlovski

TURIN CAMPUS

"Every time I teach ESCP students, I learn something new. Their varied backgrounds, cultures and experiences allow discussions to cover many different points of view and deeply explore the content."

ERIM

ESCP Research Institute of Management is a state-recognized research laboratory that allows ESCP not only to deliver a Doctorate degree independently but also to apply for national research funding such as the ANR funding.

ERIM also plays an important role in promoting research activities of ESCP Business School.

Research Centres & Institutes

Research is a core component of ESCP Business School and a powerful engine for innovation, expertise and global visibility. By 2030, ESCP is committed to entering the Top 75 Financial Times Research Ranking and strengthening its global influence through policy-relevant, socially-engaged research. At the heart of ESCP's research mission are our five core Schools of Thought, known as the **5 LIGHTS** Institutes:

- ESCP Leadership and Inclusive Management Institute
- ESCP Innovation and Entrepreneurial Transformation Institute
- ESCP Geopolitics Institute
- ESCP Tech Institute
- ESCP Sustainability Institute

In parallel, ESCP BS has extended its faculty academic expertise on the following Research centers:

Pre-Master Year

The ESCP Master in Management is a two or three-year programme combining core management courses, and specialisations across the School's campuses. ESG principles and Net Zero solutions as well as Artificial Intelligence concepts and applications are embedded across the programme's curriculum and integrated into the core courses.

There are two points in your studies at which you can join the programme:

The Pre-Master year was designed for students having completed Preparatory School or at least 2 years of university studies who wish to take a deep dive into the fundamentals of management.

Pre-Master Global Track

When you start the Pre-master Global Track, you're embarking on a journey across continents, beginning right in your first year. As a pre-master student, you have the option to embark on an exchange to Ireland or Hong Kong.

In your second year, you'll be at ESCP campuses across Europe, taking advantage of the school's various locations. Then, for your third and final year, the entire world becomes an option, with a range of global destinations open to you for an international experience.

Master in Management

As a Master in Management student, you will graduate with the skillset and mindset to collaborate with and lead multicultural teams.

Prerequisite courses

The Master in Management is open to all students with a Bachelor degree, regardless of their previous field of studies. This adds to the cultural diversity and knowledge sharing during the course: engineers, social scientists, linguists and management students mix together to share their experience.

At the same time, all entering students must have validated 9 prerequisite courses. They are offered online and begin prior to the master course.

Curriculum

Experiential learning

Take a deep dive into the major issues today's leaders face with five thematic seminars. You will learn by doing together with fellow students from all over the world.

- **Designing Tomorrow: Business and Sustainability:** Climate and related societal issues have a major impact on companies worldwide. This Pre-Master seminar demonstrates the links between these issues and management, and identifies approaches managers can take to address the challenge.
- **Immersion:** Discover the practicalities of managerial life and understand the day-to-day activities that structure your actions as manager and leader.
- **Digital Spark:** Understand and experience the digital challenges at stake for organisations.
- **Designing Europe:** With the participation of key personalities in European politics, students role-play negotiations as if they were a member of the European Parliament.
- **Business Strategy Simulation:** This hands-on, 3-day seminar is a computer-based business simulation that allows them to develop, implement and manage international business strategies of a simulated company.
- **Soft Skills for Leaders:** Analyse the personality traits and behaviours that will help you to get hired and succeed in your work.

Designing Europe

To immerse our students in the School's European values, all first-year Master in Management students take a learning expedition to the European Parliament. During the first part of the seminar, students attend online courses given by experts on the issues surrounding the economic, institutional and cultural aspects of European policy-making. With this knowledge in hand, they travel to the European Parliament to take part in a negotiation role-play to experience the EU from the inside.

Apprenticeship Track

The ideal way to combine study
and professional experience

200 student apprentices
each year

€1000 – 1600
per month salary range

1 and **2** - year options

The apprenticeship track combines in-company work experience with academic coursework at ESCP Business School.

Why choose the Apprenticeship Track?

- You work in a company and become deeply involved in day-to-day business.
- You exercise day-to-day responsibilities under the guidance of a senior manager, with the support of a professor/tutor.
- Your tuition fees are reimbursed and you benefit from a monthly salary from your company over the full period of the contract.

Is the apprenticeship track for you?

Discover the
**Apprenticeship

2-Year Track

Candidate profile

You are in your first Master year (M1), and have either completed the pre-master year at ESCP, or a business-related bachelor degree at an accredited university. You have a residence permit in France and speak fluent French.

Work/study schedule

This track starts in August of M1 and continues through the M1 and M2 years of the Master in Management programme. In addition to the time spent in-company, it is made up of several study periods over the course of the 24 months, including a 4-month international study period.

1-Year Track

Candidate profile

You are in your second Master year (M2) and have some professional experience. You have studied at least one semester on a campus other than Paris during your M1, have a residence permit in France and speak fluent French.

Work/study schedule

The track starts in June of your M1 year and continues through M2. It consists of either blocks of a few months in-company and a few months in-class or weeks split between the company and the School.

How do you apply?

Upon admission to the Master in Management, you may apply to the apprenticeship track. Acceptance is dependent primarily upon your performance in your first year at ESCP or bachelor's studies, and the acquisition of a company-sponsored apprenticeship employment agreement, which is subject to approval by the School.

The apprenticeship must be in a business position that has some level of responsibility; new start-ups do not usually offer this type of experience and are therefore not eligible.

After admission to the Master in Management, the ESCP Careers service team can provide support in finding apprenticeship contracts.

As many as 4 degrees

Employers highly appreciate graduates with two or more degrees. You'll have an unbeatable advantage because of your interdisciplinary knowledge and adaptability.

A dual degree proves you are serious and determined and are not afraid of taking up a challenge. A dual degree signals to employers that you have a strong work ethic and you are willing to assume responsibility for demanding and complex tasks and duties.

Degrees obtainable without leaving the ESCP campus:

	Degree	Institution
France	Master in Management Grande Ecole	ESCP Business School
Germany	Master of Science	ESCP Business School
Italy	Laurea Magistrale in Economia	University of Turin
Poland	MSc in Management	Kozminski University
United Kingdom	MSc in Management	ESCP Business School

Course offerings, specialisations, location and language options as well as fees are subject to change without notice.

Promoting an Entrepreneurial Spirit

ESCP places an increasing value on capturing and nurturing an entrepreneurial spirit: as true for established businesses as for start-ups.

Our Chair for Entrepreneurship, created in 2007, was a token of our strong belief that cultivating entrepreneurial spirit is important for all students in all disciplines.

In 2018 the Jean-Baptiste Say Institute was launched to offer a European academic reference dedicated to entrepreneurial leadership and innovation.

Courses

Entrepreneurship courses are included in the programmes as a core course and as specialisations (optional).

Incubators

The Blue Factory supports ESCP Business School students and alumni entrepreneurs in their business ventures by providing resources and programmes, whatever stage they are at in their entrepreneurial journey, from exploring an idea to international expansion.

Events

Entrepreneurship events include real and simulated opportunities for students to pitch their business ideas to panels of investors and experienced entrepreneurs. Highlights are the annual 'Innovation & Entrepreneurship Award' and the Blue Factory Demodays. In addition, during the annual Global Entrepreneurs Week, Entrepreneurship Festivals are organised at each of our campuses. Global Entrepreneurs Week, Entrepreneurship Festivals are organised at each of our campuses.

ESCP-CEIBS Global Master in Management Europe-China Fast Track

ESCP Business School and CEIBS (China Europe International Business School), joined forces to create a **Global Master in Management: a 14-month fast-track dual degree** designed for ambitious graduates aiming to launch careers bridging **Europe and China**. Uniting **academic excellence with cultural and professional immersion**, the master gives students a close look at European and Chinese business realities through company visits, fieldwork and collaborative projects led by two world-class institutions.

Global Experience

- Fast Track: Complete the courses in just 14 months
- Dual Degrees: Earn Master's degrees from institutions based in Europe and Asia and join two powerful alumni networks
- Four-Country Immersion: Live, study and network in four cities: Shanghai (China), Paris (France), London (UK), and Zurich (Switzerland).

Student Life

A strong sense of school spirit and community is a defining characteristic of ESCP. Involvement in extra-curricular activities and student associations is strongly encouraged; we consider it an essential part of personal well-being and professional development.

Student life on each of the campuses is shaped by the initiatives and activities offered by some 100 clubs and associations which organise networking, and artistic and cultural events, political discussions, sports tournaments, social events, humanitarian activities, etc.

The ESCP Regatta: Students and Alumni sail together

The ESCP Regatta symbolises what ESCP is all about. Once a year, students from all five campuses, as well as members of staff, faculty and alumni, gather in Italy for a weekend at sea. The event is a unique opportunity to fully exploit the potential of a multi campus school and to strengthen and broaden the group spirit key to the ESCP community.

The ESCP Regatta has become a landmark in the School's sporting, networking and social calendar. Around 400 participants sail together every year, manning over 40 sailboats. Working in teams to take first place, the event allows for excellent group bonding and the continued development of team-building skills.

[Master In Management](#)

Scholarships

ESCP Business School strives to attract the best students, regardless of their financial background. As such, the School offers a selection of financial need- and merit-based scholarships.

- Students from the EU may apply for financial need-based scholarships that can finance up to 80% of the first year's tuition fees. Scholarship applications are open in the summer preceding the September intake. Awards are announced in September.
- Non-EU students may be awarded merit-based scholarships. There is no need to apply as these scholarships are awarded upon admission.
- Some countries provide scholarships for their own citizens. Please obtain information in your home country by contacting the relevant government bodies and foundations.
- Eligible students should apply for Higher Education Grants awarded by the CROUS. Students who are eligible for [CROUS](#) scholarships, level 4 to 7, are exempt from tuition fees for all years of study, including the Pre-Master Year, M1 and M2 years. This full scholarship covers both standard Tuition Fees and Fees related to the prerequisite courses in Management.

Other sources of financial aid include:

- Bank loans: Thanks to the excellent placement rate and starting salaries of ESCP Master in Management graduates, many banks offer student loans at attractive rates, with deferred repayment. Bank loans are taken from institutions in your home country.
- Paid internships: while the salaries offered can vary significantly, most students receive between €1800 and €3200 per month during their internships. In many cases, work permits are not required as the internship is a compulsory part of the curriculum (please check with local requirements).
- Apprenticeships: tuition fees are covered by the student's employer (see page 24).
